

PRACTICAL 10

Q} Design the following webpage using unordered nested list:

- **B.Sc Courses**
 - **Information Technology**
 - **Program**
 - **C**
 - **Python**
 - **Electronics**
 - **Computer Science**
 - **B.Com Courses**
-

Ans }

➤ **CODE :-**

```
<!DOCTYPE html>

<html lang="en">

<head>

    <title>Practical 10</title>

</head>

<body>

    <ul>

        <li>AIML Courses

            <ul>

                <li>Information Technology</li>

                <li>Programming Languages

                    <ul>

                        <li>C programming</li>

                        <li>Python</li>

                    </ul>

                </li>

                <li>Electronics

                    <ul>

                        <li>Computer Science</li>

                    </ul>

                </li>

            </ul>

        </li>

        <li>B.com courses</li>

    </ul>

</body>

</html>
```

PRACTICAL 10

❖ **OUTPUT :-**

- AIML Courses
 - Information Technology
 - Programming Languages
 - C programming
 - Python
 - Electronics
 - Computer Science
- B.com courses
